

If you think this is the most effective way of advertising...

BUY-PHONE invites you to join the computer age and reach thousands of potential new customers.

Computers are being sold in the L.A. area at the rate of about 30,000 per month. The base of consumers available to you through BUY-PHONE is not just expanding, it's exploding!

Your BUY-PHONE ad will be available 24 hours a day. With one phone call, L.A. computer owners can get accurate, current information about you, including any specials or sales you are currently offering. There is no more effective advertising available.

The cost? Less than \$3.00 a week! That includes listing under as many categories as you like, so customers looking for a specific item will be automatically directed to you. You may change your ad whenever you want, allowing you to highlight specials.

By joining BUY-PHONE now, you also get the option of renewing your listing for two additional years at the same \$150 a year! Grab this low price and let us bring you extra sales and new customers.
